### Personal Profile

I am an undergraduate student and a self-taught front-end web developer. I have a passion for learning new tech and programming. Outside of coding, I enjoy running, reading, and competitive debating.

### Experience & Projects

#### Personal Blog

- Designed entire website from scratch using HTML5 and CSS3
- Used standard JavaScript for basic DOM manipulation
- Familiar with responsive and mobile-friendly web design

#### Python

- Created a simple text editor using the Tkinter library
- Improved skills by solving problems in [Project Euler](#) and [Advent of Code](#)

### Education

#### Imperial College London

MEng Materials Science and Engineering, Oct 2020 - Present

- 93% grade on Python final test and 74% grade on Python group project
- Modules studied include programming, mathematical methods, chemistry
- Member, Imperial College Debating Society

#### Sunway College KL

A-Levels, July 2018 - Nov 2019

- 2A\*, 2A: Physics, Chemistry, Mathematics, Further Math
- Director of Publicity, A-Level Student Council
- Designed posters, infographics, and managed social media accounts
- Member, Sunway College Debating Society

### Skills

**Technologies:**

Experienced in HTML/CSS, JavaScript, Python, Git  
Familiar with SQL

**Soft skills:**

Fluent in English and Malay, written and spoken
