Address:
No. 2, Jalan Kesum P16/3,
Presint 16
Putrajaya

Personal Profile

I am an avid writer who took his writing hobby to the next level by building his own blog from scratch! I love learning programming languages deeper and making stuff with it. My other interests include running, competitive debating, and reading.

Education

Imperial College London

BEng Materials Science and Engineering, Oct 2020 - Present

- Member, Imperial College Debating Society
- First exposure to coding through Python scientific programming course

Sunway College KL

A-Levels, July 2018 - Nov 2019

- Director of Publicity, A-Level Student Council (2018-2019)
- Sharpened graphic design skills through designing posters and infographics
- Member, Sunway College Debating Society

Experience & Projects

Personal Blog

- Designed entire website from scratch using HTML5 and CSS3
- Used standard JavaScript for basic DOM manipulation
- Familiar with responsive and mobile-friendly web design
- Learning JavaScript libraries such as Angular and React

Python

- Made a text editor program using the Tkinter library with basic functionality
- Simulated a large-scale chemical reaction for a university group project
- Trained with challenges in Project Euler and Advent of Code using Python

Skills

Coding Languages:
Experienced in HTML/CSS, JavaScript, Python, C++, Git
Familiar with SQL

Soft skills:
Fluent in English and Malay, written and spoken
